PERSONAL PROJECTS

Online Shopping System (OSS) (09/2023 - 11/2023)

- Welcome to OSS, your go-to e-commerce platform for a seamless shopping experience. With a user-friendly interface, diverse product catalog, and efficient search options, OSS ensures hassle-free online shopping for customers and administrators alike.

Task Management System (TMS) (08/2023 - 11/2023)

- The Task Management System (TMS) offers a user-friendly interface for streamlined task creation, modification, and querying, with both command-line and graphical options for a seamless experience. Automatic prerequisite handling and error feedback enhance efficiency.

Lab in a Suitcase (IoT System) (04/2023 - 08/2023)

- A lab in a suitcase(IoT system) is a portable computer equipped with IoT technology for field experiments and data collection, designed to provide educational and entertainment materials through various servers.

ORGANIZATIONS

African Evangelistic Enterprise (AEE) Rwanda (01/2023 - 09/2023)
I installed solar panels in remote Rwandan villages like Bicaca near Kigali, providing IT support and educating college students about solar energy & AI

IFP (Initiative For Peace) (08/2021 - 07/2022)
I was volunteering at the YMCA (Lam-Tin). I was giving tuition to ethnic minorities in Hong Kong.

PineHill Village (08/2020 - 07/2021)
I was on the content-creating team. I made creative, educational, and fun videos for physically and mentally challenged children.

Refugee Relief (08/2021 - 07/2022)
I was in the social media team and was responsible for raising awareness for Refugees all around the world through informative and helpful posts and stories.
